

GERMAN

GCE Advanced Level

Grade thresholds taken for Syllabus 9717 (German) in the November 2012 examination.

	maximum mark available	minimum mark required for grade:		
		A	B	E
Component 1	100	78	68	46
Component 22	70	46	41	23
Component 32	40	32	28	17
Component 42	75	53	48	36

The thresholds (minimum marks) for Grades C and D are normally set by dividing the mark range between the B and the E thresholds into three. For example, if the difference between the B and the E threshold is 24 marks, the C threshold is set 8 marks below the B threshold and the D threshold is set another 8 marks down. If dividing the interval by three results in a fraction of a mark, then the threshold is normally rounded down.

Boundaries for 8683 AS Language are lower than for the A Level syllabus.

The thresholds for the **syllabus** are determined first by adding together the thresholds for the components taken by the candidate. A reduction may be made at the higher grades depending on the correlation of the papers. If the maximum raw marks for the components are not in the weighting/relationship specified in the syllabus, a weighting is applied to arrive at the overall thresholds. The A* threshold is calculated using the difference between A and B as a starting point.

The maximum total mark for this syllabus is **200**.

For this syllabus in this series the grade thresholds were as follows:

Option	Combination of components	A*	A	B	C	D	E
A1	01, 02, 03, 04	160	144	128	113	98	83
A2	AS Level		87	76	65	54	43

Grade Thresholds are published for all GCE A/AS and IGCSE subjects where a corresponding mark scheme is available.
