UNIVERSITY OF CAMBRIDGE INTERNATIONAL EXAMINATIONS GCE Advanced Subsidiary Level and GCE Advanced Level

www.papacambridge.com MARK SCHEME for the October/November 2011 question paper

for the guidance of teachers

9395 TRAVEL AND TOURISM

9395/01

Paper 1 (Core Paper), maximum raw mark 100

This mark scheme is published as an aid to teachers and candidates, to indicate the requirements of the examination. It shows the basis on which Examiners were instructed to award marks. It does not indicate the details of the discussions that took place at an Examiners' meeting before marking began, which would have considered the acceptability of alternative answers.

Mark schemes must be read in conjunction with the question papers and the report on the examination.

Cambridge will not enter into discussions or correspondence in connection with these mark schemes.

Cambridge is publishing the mark schemes for the October/November 2011 question papers for most IGCSE, GCE Advanced Level and Advanced Subsidiary Level syllabuses and some Ordinary Level syllabuses.

Page 2	Mark Scheme: Teachers' versionSGCE AS/A LEVEL – October/November 2011	9395	Pabe	er
Question	Expected Answer	Mark	Focus	amb
1 (a)	Identify the following: the adult price for the Ruby Flight = AED 895 the duration of the Pearl Flight = 40 minutes the cost for four passengers to go on the Diamond Value Flight = AED 6500. Award one mark for each correct identification.	3	Focus 3.2	A
(b)	 Explain two advantages to Seaflights of having a business relationship with local hotels. The syllabus clearly states that candidates will be asked to analyse information and data relating to the structure of travel and tourism and make appropriate judgements about the relationships between organisations within the industry. Furthermore, candidates need to understand the interdependency of organisations. Award one mark for the correct identification of each of two valid advantages and award a second mark for an appropriate explanatory comment about each. Correct ideas include: promotion (1) – material on display (1) extra bookings (1) – hotel tour desk (1) product placement (1) – associated with 5* resort (1). 	4	1.4.3	AO1 (2) AO3 (2)
(c)	Some bookings for Seaflights flights are made by business customers. In the following table, circle the <u>three</u> most likely business uses for booking a Seaflights Gold Flight. Award one mark for the correct identification of each of: • to entertain a wealthy client • to show a potential buyer Palm Jumeirah properties • an incentive reward outing.	3	3.1	AO2

(e)	With reference to travel and tourism job roles with which you are familiar, discuss how product knowledg can increase levels of customer satisfaction.	Syllabus 9395 e 9 3.2 e 9 4.2 e 9 4.2 e 9 5.2 e 9 5.2 e 9 6.2 e 9 7 7 7 7 7 7 7 7 7 7 7 7 7 7 7 7 7 7	mbrides
	Tourism and hospitality professionals are dependent on contact with, and reception of, the public. Such contact means that there must always be some degree of availability to the client, with individual employees having the opportunity to use their initiative and generally to displa a strong sense of personal responsibility. In fact, employee in the tourist transaction play an intermediary role betweet the industry's structure and its clientele. This role is particularly decisive in achieving the results desired by both sides. Product knowledge is thus of key importance in helping to achieve this.	ny Is n	3) O4 (3)
	 The candidate is being invited to consider illustrations of staff product knowledge being used to enhance the customer's experience. Credit any customer service environment. Examples can include: giving advice making suggestions any attempt to meet customer needs. 		
	Use level of response criteria		
	Level 1 (1–3 marks) Candidate identifies/describes some staff/customer interactions within an identifiable travel and tourism customer service situation. Information may be a list of interactions, explanations are incomplete and arguments partial (if present) and lack coherent organisation or reasoned conclusions. There is little or no attempt to discuss. Level 2 (4–6 marks)		
	Candidate identifies/describes a number of valid interaction in an identifiable service situation, shows an understanding of the question and includes explanations/analysis of a number of these, clearly indicating the role of product knowledge. Level 3 (7–9 marks) Candidate shows a clear understanding of the question and includes detailed identification and explanation of staff usin their product knowledge to help meet customer requirements. The candidate effectively discusses a range	d Ig

re m pr th is cc m to ag bc ar to In fo	he process of tour packaging has changed dramatically in cent years. The advent of increased <i>competition in the</i> <i>arketplace</i> , combined with <i>consumer access</i> to tourism oducts without the use of intermediaries, primarily throug e use of technology, means that 'do-it-yourself' packagin becoming much more widespread. This allows insumers, individually or as groups, to assemble all the ain components of their tour package (flights, hotel, visits attractions etc.) without the support or use of professional pencies such as tour operators and travel agents. <i>Online</i> <i>boking facilities</i> for travel tickets, hotel rooms and event bokings allow direct consumers to make their own rangements for virtually all aspects of a vacation. In order do this, however, consumers require access to the ternet, the skills to use the technology, use of a credit call r payment and the time and skills to search for the wide iriety of options available.	h g al	1.4.3	(3) AO4 (3)
