4 The United Nations is considering four ways to increase global biodiversity:

- developing an internet and social media campaign to raise public awareness
- funding scientific research into biodiversity loss
- producing resources for schools to educate children about biodiversity loss
- increasing the amount of land that is protected to preserve species

Explain which of these ways you think is most likely to improve biodiversity.

In your answer you should:

- state your conclusion;
- give reasons for your opinion;
- use the material in the Sources and your own experience and evidence;
- show that you have considered different perspectives.
